Convenience

- Never miss a parcel or delivery again, the two way talk function allows you to speak to the postman/delivery person, even when you are out of the house.

Security

- A built-in motion detector means your doorbell is like a single camera security system. Knows who is coming and going from your property, whether you are home or not (from anywhere in the world).

Safe

- Know who's at your door even if they don't ring the Doorbell. Your family, &/or trusted friends, can have access to the doorbell camera and two talk function anywhere in the world.

***How it works-**

As a WA Seniors Card Business Partner, we are offering an exclusive discount of \$39 off Video Doorbell installations for seniors' card holders. \$439 for Ring Video Doorbell professionally installed and integrated with your phone &/or Tablet. This discount combined with the WA Seniors Card Rebate of \$400 means we are able offer the Video Bell for \$0 net cost to you!
